

EYFS – uploading a photo to Google Classroom

Once you are logged in to Google Classroom, you will see your child's class.

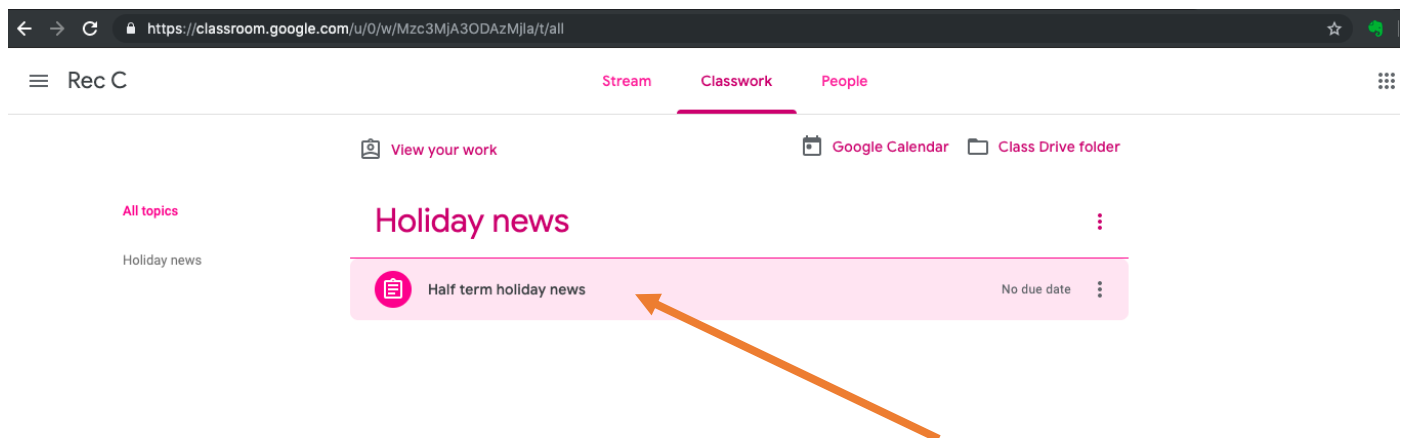

Click on the class.

You will then be able to see the most recent homework on the 'stream' view.

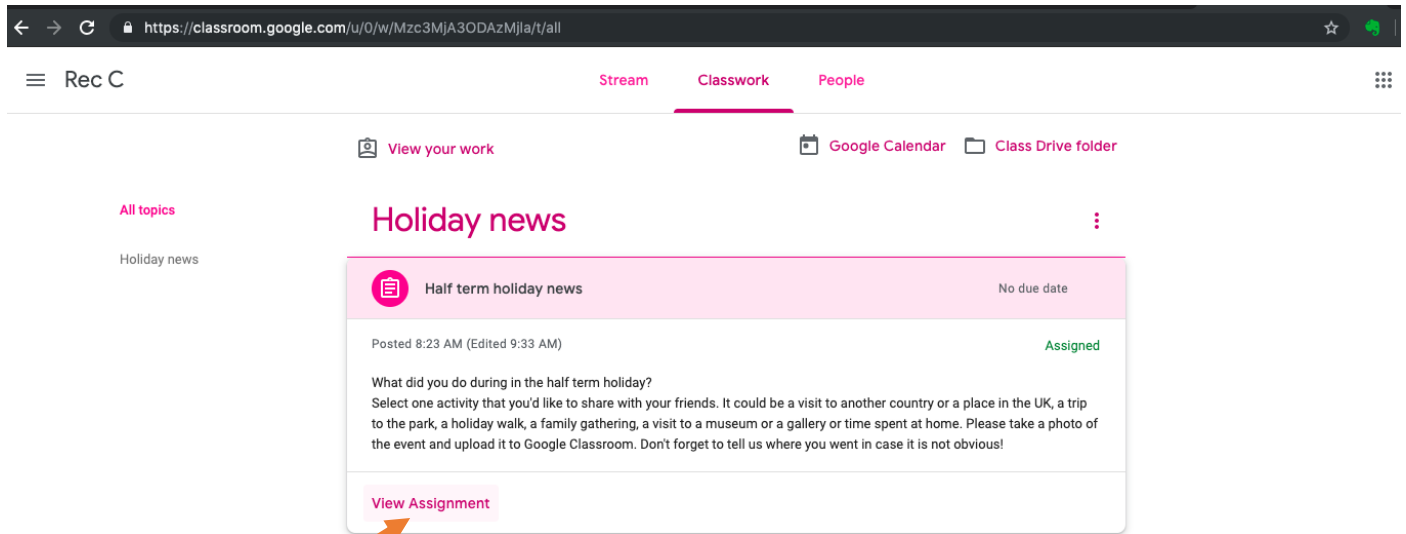

You can also click 'Classwork' to see all homework tasks, organised by subject.

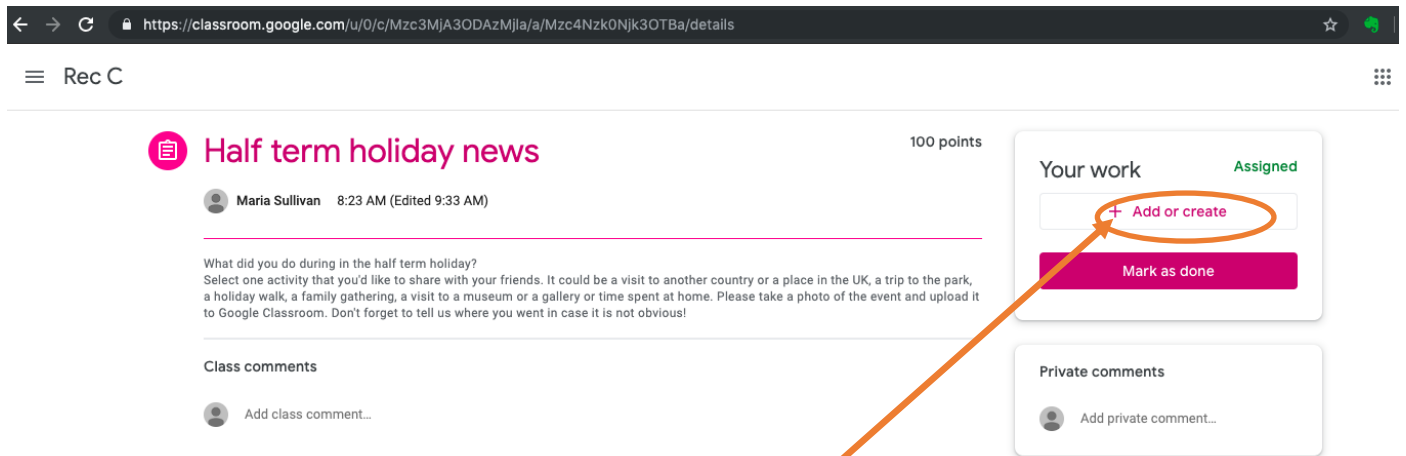

Click on the homework you would like to complete to open the assignment. For this demonstration, we will click 'Holiday news'.

A preview of the task will open.

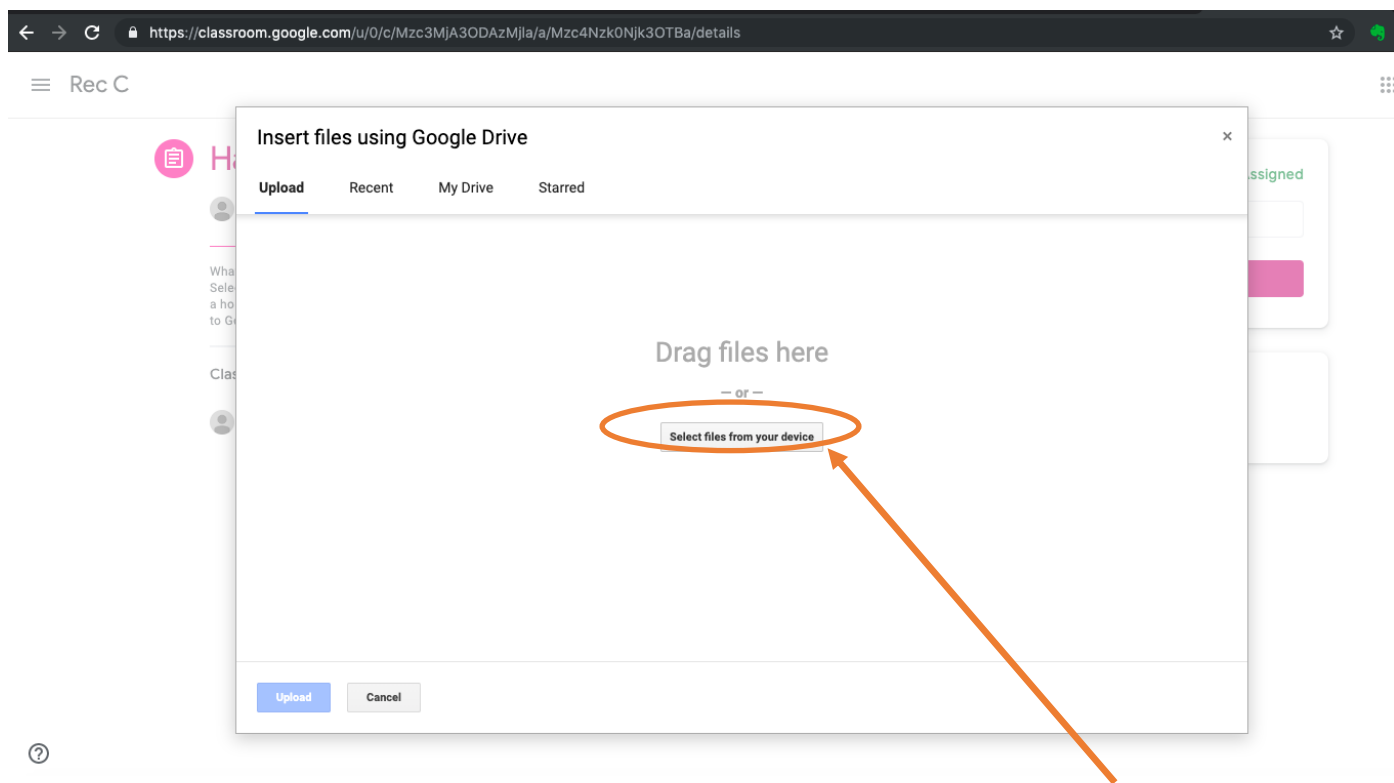

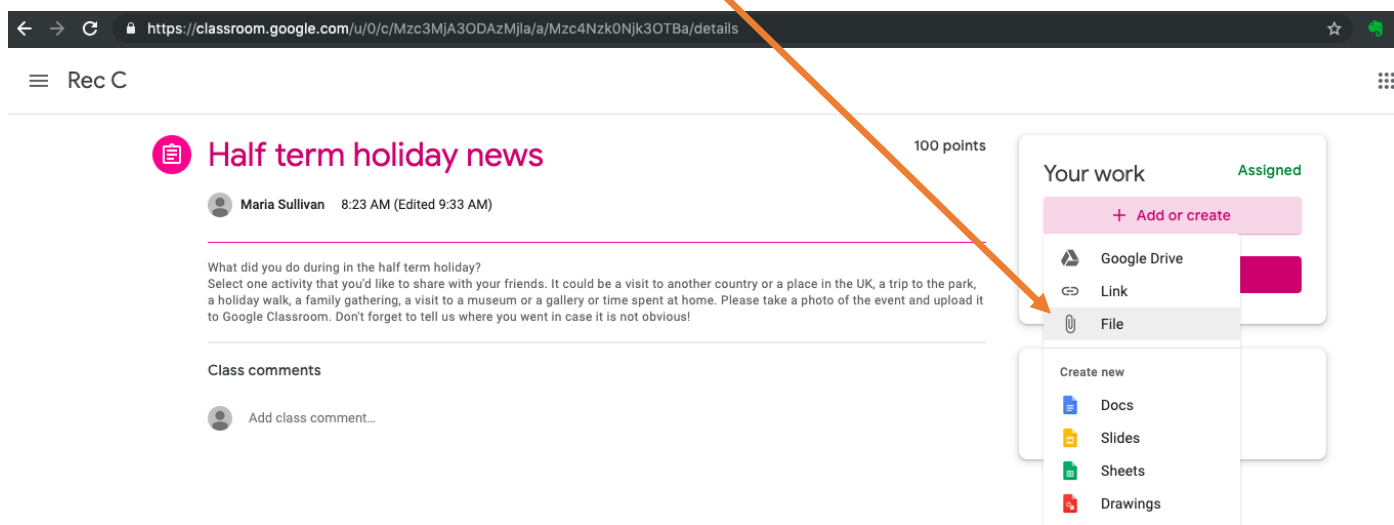

Click 'View assignment'.

Now you will see an explanation of the task that the teacher has set. At this point, make sure you know where you have saved the photograph you wish to upload.

On the assignment page, click + Add or create

You will then see a drop-down menu. Choose 'File'.

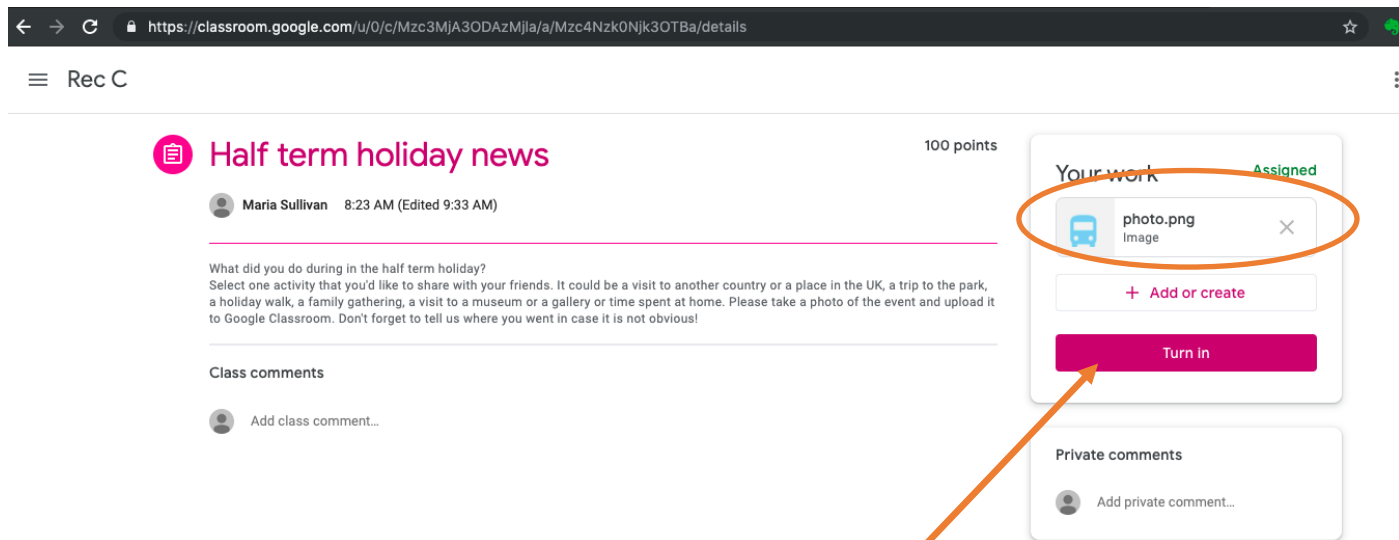

You can now drag a photograph from your computer into this pop up, or click 'Select files from your device' to find the photograph you want to upload.

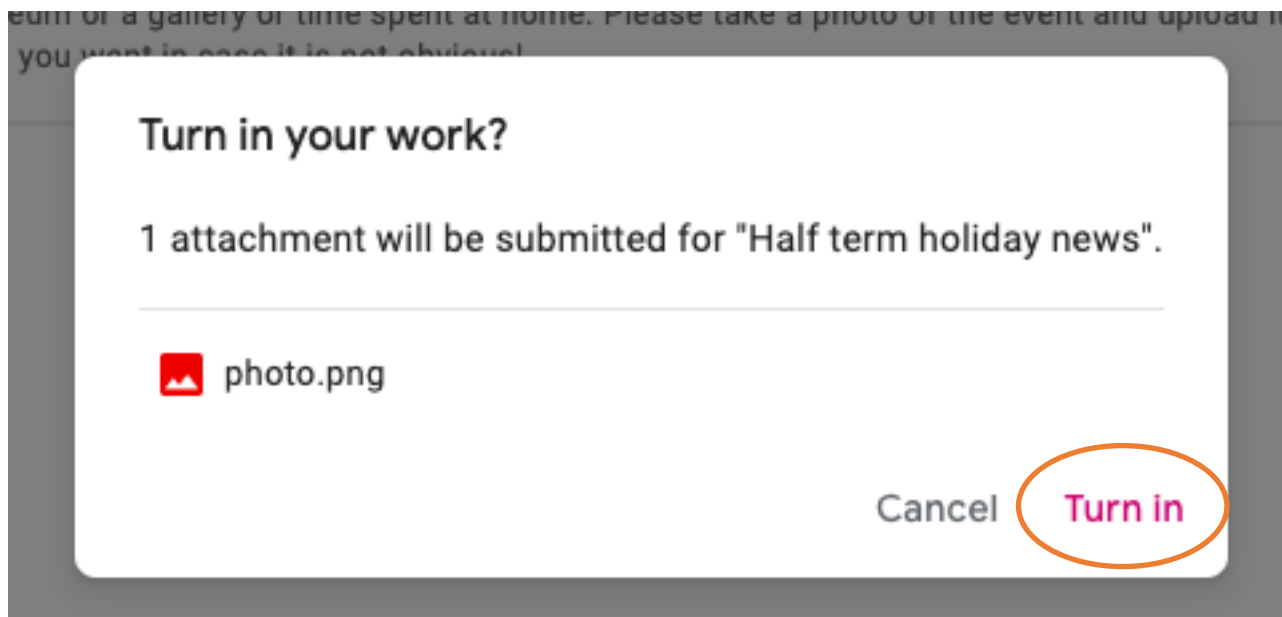

Once you have selected a photograph, the upload button will turn bright blue. Click Upload.

You will now see the assignment page again. Your uploaded photograph will be visible as an icon in the top right corner.

You are now ready to hand in your homework. Press the **Turn in** button. On the pop-up that appears, press **'Turn in'** again.

This will inform the teacher that the task is complete and send them the uploaded photograph.
