Art - Animal Sculptures: Y1 Topic Vocabulary

Subject Specific Vocabulary		Relevant Pictures	Exciting Books/Websites		
2D	A two-dimensional object or figure is flat, rather than solid, so that only its length and width can be measured.		 <ul style="list-style-type: none">https://www.bbc.co.uk/bitesize/topics/zjrcwmnhttps://classroom.thenational.academy/units/sculpture-93b1		
3D	A three-dimensional object is solid rather than flat, because it can be measured in three different directions. These are usually the height, length, and width.				
sculpture	The art of forming solid objects that represent a thing, person or idea. Sculptures can be made from materials such as wood, clay, metal, and stone.				
carved	A hard material that is cut or engraved to produce an object, design, or inscription.				
natural	A product that is made from materials and ingredients found in nature, with little or no human intervention.	What I've Learnt Already: EYFS: <ul style="list-style-type: none">We have created models related to our 'Space & Time' topic (junk modelling).We have created representations of planets using paint, marbling, Papier-mâché and drawings.We have made props to help develop a storyline in a play, including through alien dough moulding.			
man made	Something manufactured, created, or constructed by people.	Key Knowledge <ul style="list-style-type: none">A sculpture is a 2D or 3D form and can be carved from wood or stone or constructed using other materials.		Key Skills <ul style="list-style-type: none">Assemble and construct using card, newspaper, boxes and other recycled materials.	
materials	The substance of which a thing is made or composed of e.g. wood, stone, paper, card etc.	<ul style="list-style-type: none">Sculptures can be made from natural or man-made materials.		<ul style="list-style-type: none">Cut, bend, fold and stick.	
construct	To build or make something.	<ul style="list-style-type: none">Sculptures can be used to represent a range of creative ideas. They can be permanent or temporary.Sculptures can be made from a range of different materials.		<ul style="list-style-type: none">Develop tactile skills by modelling using play dough.Make an assemblage from recycled materials on a small scale.	
free standing	A free-standing object is not fixed to anything, or stands on its own away from other things.	<ul style="list-style-type: none">Free-standing structures need a solid or flat base in order to be able to stand.Materials can be joined in a variety of ways (e.g. with glue and masking tape).		<ul style="list-style-type: none">Understand the significance of an artist and form opinions of their work.
