Computing- We are digital artists: Y1 Topic Vocabulary

Subject Specific Vocabulary		Relevant Pictures	Exciting Books/Websites
create	To make or produce something.		 https://www.tate.org.uk/art/art-terms/d/digital-art http://aminahsworld.org/
digital	A system that stores items in a discrete way. Usually digital systems use binary code, where every piece of information is stored using either 0 or 1.		Other information Remember the importance of staying safe online! Staying safe online – Year 1/2 & P2/3 Computing Topics - Home Learning with BBC Bitesize - BBC Bitesize https://www.thinkuknow.co.uk/4_7/
brushstrokes	Marks made by a paintbrush across a surface.		
tool	An element of a computer program that activities and controls a particular function.		
undo	To restore the last edition function that took place.		
pixels	The smallest unit of a digital image or graphic that can be displayed and represented on a digital display.	What I've learnt already	Key Knowledge
layers	Are used in digital image editing to separate different elements of an image.	<p>EYFS</p> <ul style="list-style-type: none"> Representations of characters and events from stories can be made using paint, marbling and drawings. Symmetrical patterns can be made by printing. Fantasy and Adventure pictures can be drawn using apps on class iPads. 	<ul style="list-style-type: none"> Analogue media is real-world traditional media like paint and paper, and digital media is media on a computer (stored as numbers)
resize	To change the height, length or width of say an image or window.		<ul style="list-style-type: none"> Different brushes and brushstrokes can be used for different effects
image	An image is a picture that has been created or copied and stored in electronic form.		<ul style="list-style-type: none"> The undo tool can be used to correct mistakes.
bitmap	A type of memory organization or image file format used to store digital images.		<ul style="list-style-type: none"> Bitmap digital images are images made up of lots of dots called pixels.
			<ul style="list-style-type: none"> A layer is one of a virtual pile (or stack) of images on top of one another that make up the whole picture.
			<ul style="list-style-type: none"> Saving your image means storing it (as numbers) in the iPad's memory.
